

Congressional Lung Cancer Caucus
Briefing Series presents

THE STATE OF LUNG CANCER

The Congressional Lung Cancer Caucus invites you to join a discussion on the “State of Lung Cancer Today.” Come learn about current efforts to implement lung cancer screening in our communities and the unprecedented scientific breakthroughs underway that are targeting cancers better and engaging our own immune system to fight this disease. These combined efforts are helping to increase survival rates and bring improvements to quality of life to the tens of millions impacted by lung cancer.

WHEN: March 16, 2017 from 12:30-1:30pm

WHERE: Rayburn Building 2045, Capitol Hill

SPEAKERS: William R. Mayfield, M.D. WellStar Health Systems
Julie Renee Brahmer, M.D. Johns Hopkins Sidney Kimmel
Comprehensive Cancer Center

RSVP

by March 10th to policy@lungcanceralliance.org
(Hot lunch will be provided)
