Action on BOG Resolutions at April ACP Meeting

Twice annually, the ACP Board of Governors (BOG) convenes to discuss, debate, and make recommendations on resolutions that will shape College policy. A summary of actions taken by members of the Board of Regents on resolutions debated at the Spring 2024 Board of Governors (BOG) meeting is now available.

The NY Chapter sponsored Resolution, 16-S24 Educating the Public about the Appropriate Identification of Healthcare Professionals in Clinical Settings, sparked a lively discussion. It was referred for study and will receive further input from ACP committees and staff.

Resolutions are introduced and presented for consideration after being initiated by ACP members, approved by the NYACP Council Board, and submitted to ACP for action. Those that are approved by the BOG are sent along to ACP’s Board of Regents. For resolutions approved by the BOR, they become ACP policy.

If you have an idea you would like to suggest to ACP, consider submitting a resolution to the NY Chapter. To learn more about the resolutions process, including how to write and submit a resolution, please visit the NYACP website.
