Help Fight Medical Misinformation and Disinformation
Tools and Resources from ACP

Be sure to visit www.acponline.org/misinformation for tools and resources to help fight medical misinformation and disinformation.

Resources address a variety of issues including:

- Communicating accurate health information to your community.
- Responding to trending health narratives.
- Tackling misinformation.
- Identifying credible sources of health information on social media.
- Two ACP video series providing vaccine education and strategies to help combat health misinformation.
- Articles and content published in Annals of Internal Medicine and I.M. Matters from ACP, and more!
