Dalilah's Law (H.R. 5688): Restoring Integrity to the American CDL

What is *Dalilah's Law*?

Dalilah's Law builds on **President Trump's** call to ban CDLs for illegal aliens and ensures that every commercial driver on America's highways is properly trained, vetted, and proficient in English.

1. English Language = Roadway Safety

- **English Tests:** All CDL tests must be in English.
- **Out-of-Service Rules:** Permanently enacts English Language Proficiency as an out-of-service violation
- **Tough Penalties:** If a driver is cited for English Proficiency, they lose their CDL for **one full year**.
- **Carrier Accountability:** Enables the USDOT to punish carriers that hire drivers who are not proficient in English or are not properly licensed.

2. Non-Domiciled CDL Crackdown = Roadway Safety

- **ID Checks:** States must check that they aren't giving CDLs to illegal immigrants.
- **Non-Domiciled CDL Restrictions:** Severely restricts non-domiciled CDLs and implements a more thorough vetting process.
- **Fixing Old Licenses:** States must look back at currently issued non-domiciled CDLs and revoke them if they don't meet the new rules.

3. Closing CDL Mills = Roadway Safety

- **Overhauls Training Provider Registry Requirements:** Ends the self-certification process for training entities
- **Closing CDL Mills:** Stops shady schools from churning out drivers who aren't ready for the road.
- **State Oversight:** Adds fines for states that don't follow federal licensing laws.

4. Banning Foreign Dispatch Services = Fighting Fraud

- **North American Dispatch Only:** Bans the use of foreign dispatch services and brokers located outside the U.S., Canada, or Mexico.
- **The \$50,000 Penalty:** Carriers must certify they will not knowingly use foreign dispatch. Violations carry a **fine of \$50,000 per instance**.
- **Fair Rules:** Normal business with local dispatchers stays exactly the same.
